

Progress Report

Name: Sofia Muñoz Ruiz
Course: Deep Learning with MATLAB
Progress: 100% complete (as of 06 September 2020)

Chapters

- | | |
|---|---------------------|
| 1. Classifying Images with Convolutional Networks 100% | 12. Project 100% |
| 2. Interpreting Network Behavior 100% | 13. Conclusion 100% |
| 3. Creating Networks 100% | |
| 4. Training Networks 100% | |
| 5. Improving Performance 100% | |
| 6. Project 100% | |
| 7. Performing Regression 100% | |
| 8. Using Deep Learning for Computer Vision 100% | |
| 9. Classifying Sequence Data with Recurrent Networks 100% | |
| 10. Classifying Categorical Sequences 100% | |
| 11. Generating Sequences of Output 100% | |
